

DC~6GHz Coaxial Fixed Load, 100Watt, N-M

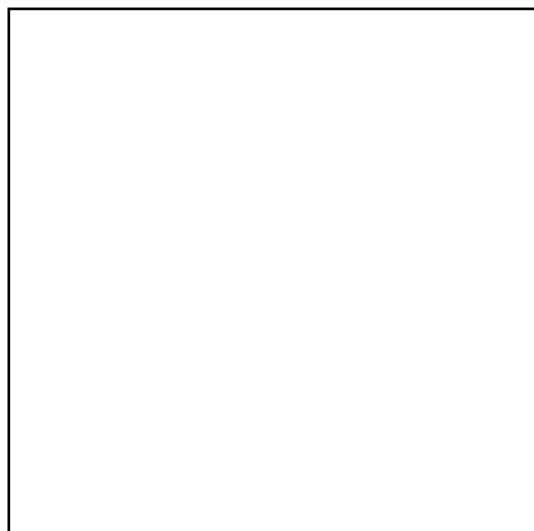

P/N:YX-TN6G-JP100

Features

- Instrumentation Grade
- High Return Loss

Typical Applications

- Test Lab
- Sub-assemblies
- System Integration

Electrical Specifications

Frequency Range	DC-6GHz
VSWR	1.25max
Impedance	50 ohm
Power Handling	100W
Specification Temperature	-45° to+ 100°
Operating Temperature	-45° to+ 125°

Mechanical Specification

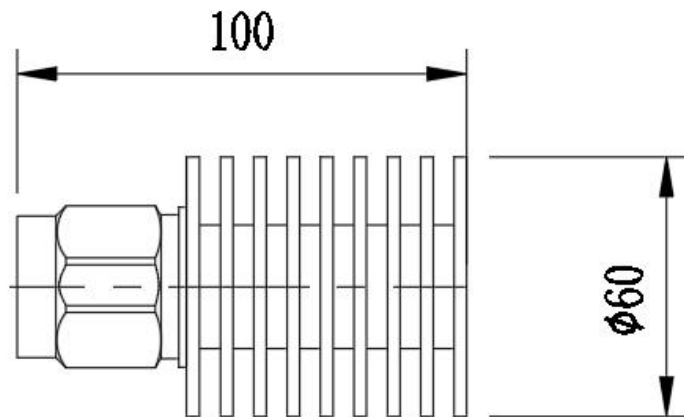

Connector Type	N-M
Outer Contact	Stainless Steel
Surface Treatment	Aluminum, black anodized
Weight	/
Outline	/
